

Governor's Proclamation

BUILDING SAFETY MONTH

*State of Wyoming
By the Governor*

WHEREAS, Wyoming is committed to recognizing that our growth and strength depends on the safety and essential role our homes, buildings and infrastructure play, both in everyday life and when disasters strike; and

WHEREAS, our confidence in the resilience of these buildings that make up our community is achieved through the devotion of vigilant guardians—building safety and fire prevention officials, architects, engineers, builders, tradespeople, design professionals, laborers, plumbers and others in the construction industry; and

WHEREAS, these guardians are dedicated members of the International Code Council, a nonprofit that brings together local, state and federal officials who create and implement the highest-quality codes and standards to protect us; and

WHEREAS, these modern building codes and standards include safeguards to protect the public from hazards such as hurricanes, snowstorms, tornadoes, wildland fires, floods and earthquakes; and

WHEREAS, Building Safety Month reminds us of the protectors of public safety—our code officials—who assure us of safe, sustainable and affordable buildings are essential to our prosperity; and

WHEREAS, “*Game On!*” the theme for Building Safety Month 2025, encourages us all to get involved and raise awareness about building safety on a personal, local and global scale.

NOW, THEREFORE, I, MARK GORDON, Governor of the State of Wyoming, do hereby proclaim the month of May 2025, to be

Building Safety Month

in Wyoming.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Executive Seal of the Governor of Wyoming to be affixed this 7th day of May, 2025.

A handwritten signature in blue ink that reads "Mark Gordon".

The Honorable Mark Gordon
33rd Governor of the Great State of Wyoming

Building Safety Month Proclamation – May 2025

Whereas Wyoming is committed to recognizing that our growth and strength depends on the safety and essential role our homes, buildings and infrastructure play, both in everyday life and when disasters strike, and;

Whereas our confidence in the resilience of these buildings that make up our community is achieved through the devotion of vigilant guardians—building safety and fire prevention officials, architects, engineers, builders, tradespeople, design professionals, laborers, plumbers and others in the construction industry—who work year-round to ensure the safe construction of buildings, and;

Whereas these guardians are dedicated members of the International Code Council, a nonprofit that brings together local, state, territorial, tribal and federal officials who are experts in the built environment to create and implement the highest-quality codes and standards to protect us in the buildings where we live, learn, work and play, and;

Whereas these modern building codes and standards include safeguards to protect the public from hazards such as hurricanes, snowstorms, tornadoes, wildland fires, floods and earthquakes, and;

Whereas Building Safety Month is sponsored by the International Code Council to remind the public about the critical role of our communities' largely unknown protectors of public safety—our code officials—who assure us of safe, sustainable and affordable buildings that are essential to our prosperity, and;

Whereas “Game On!” the theme for Building Safety Month 2025, encourages us all to get involved and raise awareness about building safety on a personal, local and global scale, and;

Whereas each year, in observance of Building Safety Month, people all over the world are asked to consider the commitment to improve building safety, resilience and economic investment at home and in the community, and to acknowledge the essential service provided to all of us by local, state, tribal, territorial, and federal building safety and fire prevention departments, in protecting lives and property.

NOW, THEREFORE, I, Sean Collier, President of the Wyoming Conference of Building Officials, do hereby proclaim the month of May 2025 as Building Safety Month. Accordingly, I encourage our communities and citizens to join us as we participate in Building Safety Month activities.
